A virtual walk through of the design was developed by the architect and shown to the Committee. Ms. Kennedy-Sleeman noted that it is anticipated to obtain full pool funding to begin construction by the end of 2020, with occupancy the first quarter of 2023. The building will be open to students and the public (first floor), should take two (2) years to complete and total cost will be \$72M.
- C. Chartway Arena – Mr. Mike Fryling, District General Manager, Spectra Venue Management, provided an update on the Chartway Arena at the Ted Constant Convocation Center. - C. Capital Outlay Projects Status Report – Mr. David Robichaud, Director of Design and Construction, provided updates on the current projects.

Question was asked if Owens House is creating problems for the neighbors. Associate Vice President Waterfield responded that the stadium was a struggle, but Owens House has not created problems because the original concern was a misconception that more students would be on campus driving and bringing more vehicles to campus; however, this is not the case.

Interim Vice President Stansberry added that most students to live in this dorm will be freshmen and driving on campus is prohibited, except in special cases.

The meeting was adjourned at 11:25 a.m.
